Career Objective

I am from Austin, TX with a B.S. in Computer Science concentrating in Cyber Security at the University of Texas at San Antonio. I am currently an Associate for Infosys and hope to put my developer skills and programming knowledge to good use in a practical situation.

Computer Skills

- Skilled with Spring MVC, Java, Bash, and Git
- Proficient with Angular, HTML, PHP, SQL and MongoDB
- Knowledge in C, Python, Agile development and Neo4j databases

Additional Skills

- Personable, Adaptable, Attentive, Patient

Projects

SigmaTrade (dannydoan43/sigma (github.com) and dannydoan43/sigma_frontend: front-end for the sigma CRUD application (github.com))

- A Spring Boot CRUD web application secured with JWT

UFC Fight Predictor (UFCPredictor/project1.ipynb at main · dannydoan43/UFCPredictor (github.com))

- A machine learning project that predicts the outcome of two fighters depending on multiple variables.

Work Experience

Associate (April 2021 - Til Date)

Infosys

- Software Programming consultant working to complete certifications in Java, SQL, Spring MVC and Spring Boot. Currently on a project for Citibank aiding in the software development process.

Computer Science Tutor (January 2019 - May 2019)

University of Texas at San Antonio

- Conduct one-on-one tutoring sessions for CS classes including but not limited to Data Structures and Application Programming.

Organizations/Accomplishments

- Dean's List at University of Texas at San Antonio
- Honor Roll at University of Texas at San Antonio
- Secretary for Gamma Beta National Fraternity Inc.
- PFISD Leadership Program
- National Honor Society
